

GREYHOUND RACING NEW ZEALAND POLICY

CERTIFICATES OF INCAPACITATION

In circumstances where Certificates of Incapacitation are issued in conjunction with Rules 68.26 or 81.1 and where the stand down applicable results in a scratching from a subsequent race for which that greyhound holds a current nomination, the scratching will be effective from the date/time the certificate was issued and not the time the Club concerned is notified of the scratching.

It is recommended that licensed persons direct any initial queries in this regard to RIU Stipendiary Stewards.
