The usage of mobile phones by handlers at race meetings is prohibited during the parading of dogs and anywhere on the racetrack pre or post-race. Phones must be switched off at all times in the aforementioned situations. Mobile phones can however be switched on again for usage after all relevant post-race procedures (e.g. swabs, etc.) have taken place.

Failure to comply with this Regulation may result in charges being brought about under the auspices of Rule 87.1(q).
