

# SAFE WORK SITE PROTOCOLS TRIALS – Manukau Stadium

Special Policy for Trials Under Covid Alert Level 2, effective Monday 18 May 2020

The trials meetings will be advertised in advance weekly

Trainers will enter the Manukau Sports Bowl via Te Irirangi Drive and park their vehicles in the Northern Car Park

Trainers will enter the Workplace via the Northern Entrance to the Manukau Stadium (Greyhound Venue) and complete contact tracing records and enter their dogs for the Trials Meeting.

Trainers will then queue at the track entrance with their dog(s), maintaining 1 metre spacing at all times, to trial their dog(s). Note no more than 2 dogs at any time and both dogs having the same trainer. No more than 4 trainers in the queue at any given time.

Starter prepares the boxes for trials (closing lids and ensuring doors open) and moves 1m aside to enable the first trainer (Trainer A) to box the dog.

Dog would either handslip or their dog(s) will be loaded into the boxes by the training team, who would then move at least 1m away from the boxes allowing the starter to take his position and start the trial.

The training team would then catch the dogs & return them to their trailer.

Once trainer "A" was finished they will vacate the track, maintaining 1 metre distancing at all times from all staff and waiting trainers.

The starter should disinfect the box door handles allowing trainer "B" to trial their dog(s).

This process will be repeated until all dogs have been trialled.

At regular intervals a break of 10mins would be scheduled, between trainers, for the curator to groom the track to remove paw-prints etc.

Total Club Staff Required on site:4

- Starter
- Lure Driver
- Track Curator
- Administrator to coordinate event and maintain Tracing Records

## **Trial Fees**

All trial fees are to be paid by internet banking, i.e. no cash or cheques will be handled.
