The racing industry is committed to the health and safety of its participants and stakeholders through:

- ***ensuring there is strong safety leadership throughout the industry;***
- ***recognising safety as an important part of industry planning and resource allocation;***
- ***establishing and maintaining a strong safety culture;***
- ***providing training and induction for all participants;***
- ***maintaining a safe working environment; and***
- ***consulting with all workers, contractors and stakeholders to ensure that health and safety plans are robust.***

To achieve this the Industry will:

- ***systematically identify and control all hazards and risks to health and safety in our workplaces;***
- ***take all practicable steps to eliminate or minimise these hazards and risks to prevent any injury or damage;***
- ***inform all workers of these hazards and risks and the hazard controls;***
- ***ensure all workers are properly trained and supervised;***
- ***inform all workers of emergency and evacuation procedures;***
- ***ensure all contractors and track users are inducted in any race course hazards and risks;***
- ***record all incidents and accidents in the workplace, and take all practicable steps to prevent these events from recurring;***
- ***carry out planned inspections to monitor health and safety issues; and***
- ***hold regular health and safety meetings and report outcomes to all Board/Committee meetings.***
